IT TAKES ALL KINDS

When the doors opened for the first day of school, many students entered not knowing what to expect. There were new teachers, new classes, and many new faces to get used to. Each person had to learn to fit into the crowd and become a part of THS.

THE BEST OF THS?

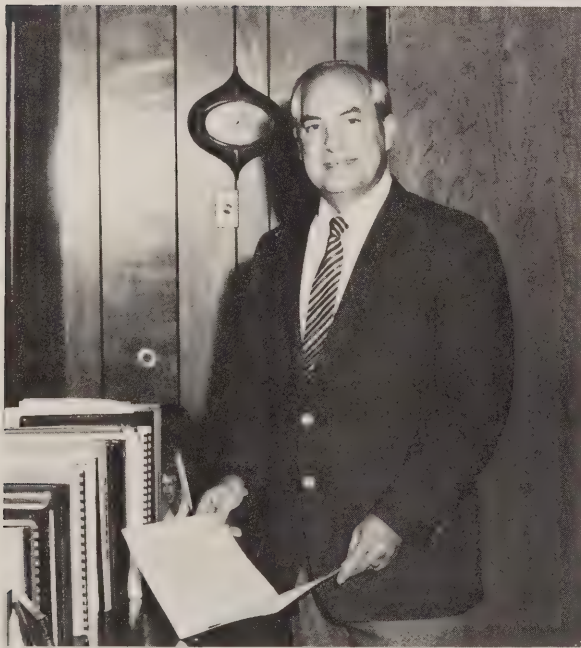

The image consists of a solid dark gray background. Overlaid on this background is a dense, repeating pattern of the word "FACULTY" in a light gray, sans-serif, all-caps font. The text is arranged in a precise grid, with each word positioned such that its letters align with the intersections of the grid lines. The repetition is uniform across the entire image, creating a textured, almost woven appearance. The spacing between the words is consistent, both horizontally and vertically, contributing to the overall rhythmic and structured look of the composition.

FAST TIMES AT TENNESSEE HIGH

Life at THS isn't all bad. Even though there are the tortures of homework and assorted faculty members, we squeeze through the school day and know how to have a good time, even though there is no place to go.

Students practicing Egyptian 5151 at half time.

Even underclassmen are let out.

Karen is locked out of "The Sound Booth".

You'll need that for those two.

Aaron is disgusted that no one brought a frisbee.

Billy Gregory, today he's a jock.

LET'S EAT!

1983 might well be the last year students will have the rare privileges of going off campus to eat. If that occurs then the school day will really go downhill. Let's enjoy it while we can.

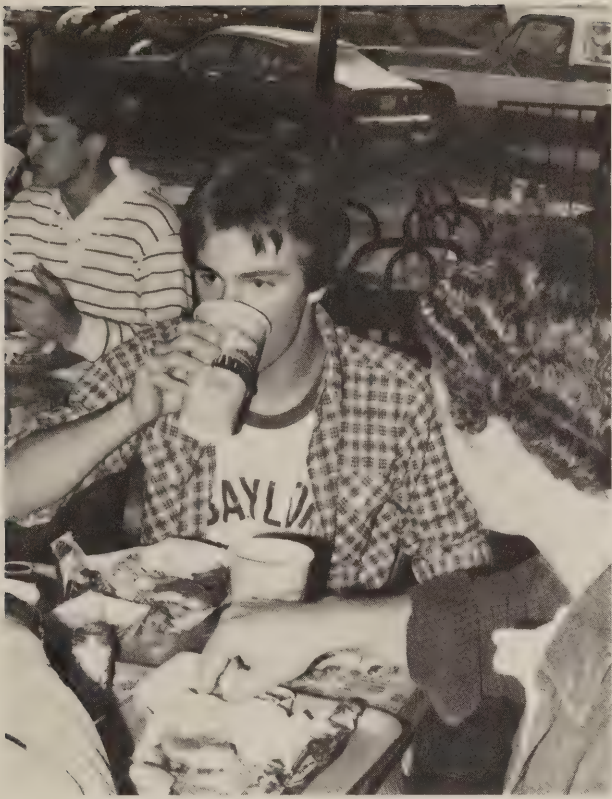

A supreme case of Sleeping Burgosis.

Does your mom know you're eating that?

Julie and Lisa don't want to be seen eating here.

Wendy's must have added a new beverage to their list.

Sonja just can't stay on her 4000 calorie a day diet.

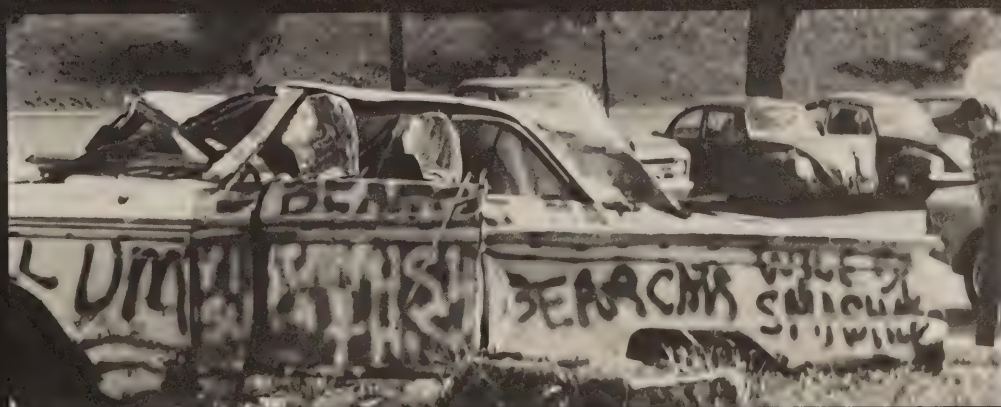

What a boring lunch! I should've brought food from home (like Motter).

FAREWELL . . .

And so we end this year at Tennessee High. Memories of interesting classes, homework, tests, and teachers will linger on. We will also remember all those days we just didn't think we could get through, but after drawing on super-human strength, we somehow made it. There were those times when nothing went right, for example, we failed a test or quarreled with a friend. But this year has had its good points. We learned new things and made new friends. Now we are ready to go on to something different. The seniors will embark on a journey not knowing what they will be doing several years from now, while the juniors attempt to fill their empty positions. The sophomores will also move up leaving an empty place for the incoming freshmen. So we, the 1983 Cadmea staff, would like to wish everyone happiness and the best of luck for the future.
